Downloading the Flash Player and Dolphin browser as detailed above must also enable the You - Tube downloader to work properly. You may also have to consider that broadband speeds will almost always be impacted by peak periods in the evenings when other people are trying to access the internet and providers artificially limit connections to make it fair on all customers. One very last thing to mention will be very important with a people and just a passing shown to others. There are also software packages that will enable your personal machine to act as being a TV set.
