Hetzel added, 'The question becomes, and it will be really interesting to view, 'We've moved people faraway from [live] TV to video on demand. You will also have to consider that broadband speeds will always be impacted by peak periods through the evenings when most people are trying to access the internet and providers artificially limit connections making it fair on all customers. These days things are available on the internet, you can watch movies online online. One great reason to view movies on the web is that, unlike a show rental store, online movie services often provide a free trial run. are great websites to look at movies at because you can find just about any movie on these sites.
