Hetzel added, "The question becomes, and it will be really interesting to look at, 'We've moved people faraway from [live] TV to video on demand. Instead to be slave to what television corporations choose to broadcast tomorrow, you choose which show you want, watch it at any time of day, as well as on a number of devices. These days things are available on the internet, you can watch free movies online online. This small device can connect in your home network, either using a wired or wireless connection. are great websites to look at movies at because it is possible to find almost any movie on these sites.
