The website that offers access to new movie releases might also allow its visitor to view television shows on the computer. Go out and buy a 1TB hard disk for your machine (when it can support it) and FTP into the harddrive. The only thing the viewer must do is to locate the film however like to find out. Like lots of you I know some things about biased reviews online. If you do not mind waiting before the following morning to watch what you missed, you can enjoy it for free.
