Customers who want to rent a movie can simply use the internet, browse, choose, watching. Schoenberg also went on to express: "It is simply the start, above the further 4 years movie viewers will practice the actual features of video links. Buffering happens when the computer will be able to playback it in real time faster than it is being received through the streaming service servers. Consult the documentation that included your equipment or see a manufacturer's website or the Netflix website for instructions regarding how to set up Netflix on your home theater device.

These are some in the more general problems seen by South Africans.
