Hetzel added, 'The question becomes, and will also be really interesting to watch, 'We've moved people from [live] TV to video on demand. You may also have to consider that broadband speeds will almost always be impacted by peak periods during the evenings when most people are trying to get into the internet and providers artificially limit connections to make it fair on all customers. It's a quick 18 megabyte download that installs a neighborhood copy of the Netflix software, then you can certainly start watching your movies. One great reason to view movies on the web is that, unlike a show rental store, online movie services often offer a free trial run. When the download is complete you can check that it is working on You - Tube or Catch up TV while using the Dolphin browser.
