While it's likely and occasionally even very easy, it is not the best solution. Instead of being slave to what television corporations opt to broadcast on that day, you choose which explain to you want, watch it at any time of day, as well as on a number of devices. One very last thing to mention will likely be very important for some people and only a passing thought to others. There are also software packages that will enable your pc to act being a TV set. When the download is complete you are able to check it is working on You - Tube or Catch up TV while using the Dolphin browser.
