When you logon you will see your movies that have been purchased. We get you prepared for the growth curve you'll want to take on. Buffering happens when the computer will be able to playback it in real time faster as opposed to being received in the streaming service servers. Consult the documentation that included your equipment or navigate to the manufacturer's website or perhaps the Netflix website for instructions regarding how to set up Netflix on your own home theater device. If you do not, you need to download the most up to date version of Adobe flash or even an alternative when you go to the website.
