Downloading the Flash Player and Dolphin browser as detailed above also needs to enable the You - Tube downloader to operate properly. If they will use that capability to pass tests in school, could they be cheating. It's a quick 18 megabyte download that installs a nearby copy in the Netflix software, then you can certainly start watching your movies. One great reason to watch movies on the web is that, unlike a motion picture rental store, online movie services often offer a free trial run. When the download is complete you'll be able to check that it is working at You - Tube or Catch up TV while using Dolphin browser.
