Hetzel added, "The question becomes, and this will be really interesting to watch, "We've moved people from [live] TV to video on demand. You will also have to consider that broadband speeds will always be impacted by peak periods during the evenings when most people are trying to get into the internet and providers artificially limit connections to make it fair on all customers. One very last thing to mention will be very important to many people and just a passing consideration to others. One great reason to watch movies on the internet is that, unlike a film rental store, online movie services often offer a free trial run. are great websites to view movies at because you can find just about any movie on both of these sites.
