Hetzel added, 'The question becomes, and it'll be really interesting to watch, 'We've moved people from [live] TV to video on demand. Instead for being slave to what television corporations decide to broadcast that day, you ultimately choose which show you want, watch it at any time of day, and on a quantity of devices. These days things are all available online, you can watch movies online online. There are also software packages which will enable your pc to act as a TV set. You won't even have to go to the movie theatres and spend some money when you spend a bit money to get Wi - Max technology connecting you on the Internet at all times and in all places.
