I'd state they're a last holiday resort if any holiday resort at all. It makes no difference if you happen to be searching for good quality films such as divx or regular flash movies that streams to your windows media player. Heres a shorter video introduction to using Play - On along with your Roku box. The only stipulation was that you simply had to get the disc inside drive to play movies. You may also get online and watch movies as long as you're sitting in a small business partner's office awaiting your important meeting to start.
