Downloading the Flash Player and Dolphin browser as detailed above also needs to enable the You - Tube downloader to operate properly. You may also have to consider that broadband speeds are invariably impacted by peak periods during the evenings when most people are trying gain access to the internet and providers artificially limit connections making it fair on all customers. One very last thing to mention will probably be very important for some people in support of a passing thought to others. For any frequent Amazon user, the choice to join Amazon Prime could not be much easier to make. When the download is complete you'll be able to check that it is working at You - Tube or Catch up TV using the Dolphin browser.
