I even found movies i downloaded without signing up. You will also have to consider that broadband speeds will always be impacted by peak periods during the evenings when everyone else is trying to access the internet and providers artificially limit connections to really make it fair on all customers. It's a simple 18 megabyte download that installs a local copy in the Netflix software, then you can definitely start watching your movies. There can also be software packages that will enable your computer to act like a TV set. Guaranteed safe and reliable- Online movies are safe to watch.
