I even found movies i downloaded without signing up. If they will use that capability to pass tests at school, are they cheating. It's an instant 18 megabyte download that installs a local copy from the Netflix software, then you can start watching your movies. One great reason to observe movies on the web is that, unlike a film rental store, online movie services often give a free trial run. When the download is complete it is possible to check it is working by going to You - Tube or Catch up TV while using Dolphin browser.
