Hetzel added, "The question becomes, and this will be really interesting to observe, 'We've moved people away from [live] TV to video on demand. You can also get to consider that broadband speeds will almost always be impacted by peak periods through the evenings when other people are trying to access the internet and providers artificially limit connections making it fair on all customers. One last item to mention will be very important to many people and only a passing consideration to others. For any frequent Amazon user, the choice to join Amazon Prime can't be simpler to make. You won't even have to go for the movie theatres and spend money when you spend just a little money to get Wi - Max technology connecting you for the Internet all the time and in all places.
