So what happens when I modify the portable video device or even the old one breaks. Go out and buying a 1TB harddrive for your machine (whether or not this can support it) and FTP into the hard drive. Why tend to be South Africans actively getting involved. This technology came up with the concept of streaming movie on the internet and this brings the ultra-modern change in our lifestyle. This eliminates the hassle of going to the theatre and paying to see a film you weren't sure was going to be in your liking.
