I even found movies i downloaded without signing up. You may also have to consider that broadband speeds will almost always be impacted by peak periods in the evenings when other people are trying gain access to the internet and providers artificially limit connections making it fair on all customers. One final thing to mention will be very important with a people and just a passing thought to others. There are also software packages that may enable your computer to act like a TV set. You won't even have to go towards the movie theatres and spend money when you spend a bit money to acquire Wi - Max technology connecting you to the Internet constantly and in all places.
