Hetzel added, 'The question becomes, and it'll be really interesting to watch, 'We've moved people away from [live] TV to video on demand. If they use that power to pass tests in class, is it cheating. The most available internet TV channels include some from the rarest programs that are included with un censored content, although there is also a lots of other family TV shows to view with the family. There will also be software packages which will enable your personal computer to act like a TV set. The volume of things it is possible to do on the website is endless.
