Hetzel added, "The question becomes, and it will be really interesting to watch, 'We've moved people away from [live] TV to video on demand. If they will use that capability to pass tests in college, is it cheating. One final thing to mention will probably be very important with a people and only a passing thought to others. There will also be software packages that will enable your computer to act like a TV set. Guaranteed safe and reliable- Online movies are safe to watch.
