Downloading the Flash Player and Dolphin browser as detailed above also need to enable the You - Tube downloader to work properly. You may also have to consider that broadband speeds will always be impacted by peak periods throughout the evenings when other people are trying to access the internet and providers artificially limit connections to make it fair on all customers. One last item to mention will likely be very important with a people and just a passing thought to others. There will also be software packages that will enable your computer to act as a TV set. You won't even have to go for the movie theatres and spend cash when you spend slightly money to have Wi - Max technology connecting you towards the Internet constantly and in all places.
