Hetzel added, 'The question becomes, and it'll be really interesting to watch, 'We've moved people far from [live] TV to video on demand. If they use that capability to pass tests in school, is it cheating. The most available internet TV channels include some with the rarest programs that include un censored content, although there is also a large amount of other family TV shows to view with the family. This small device can connect in your home network, either using a wired or wireless connection. When the download is complete you'll be able to check it is working on You - Tube or Catch up TV using the Dolphin browser.
