Hetzel added, "The question becomes, and will also be really interesting to look at, 'We've moved people from [live] TV to video on demand. You can also get to consider that broadband speeds will almost always be impacted by peak periods during the evenings when most people are trying to gain access to the internet and providers artificially limit connections making it fair on all customers. Business consulting can be a very lucrative income stream. This small device can connect for a home network, either with a wired or wireless connection. You won't even have to go for the movie theatres and spend cash when you spend a bit money to acquire Wi - Max technology connecting you towards the Internet all the time and in all places.
