So what goes on when I modify the portable video device or old one breaks. Go out and purchase a 1TB hard drive for your machine (if it can support it) and FTP into the hard disk. If you live inside middle of nowhere you might what to take a look at a company called Frontier, they solved our problem. Like lots of you I know a thing or two about biased reviews online. If that you do not mind waiting before following morning to observe what you missed, you can view it free of charge.
