So what happens when I get a new portable video device or perhaps the old one breaks. Go out and purchase a 1TB harddrive for your machine (when it can support it) and FTP into the harddrive. If you live in the middle of nowhere you might want to take a look at a company called Frontier, they solved our problem. This technology created the notion of streaming movie web this brings the brand new change in our lifestyle. You can copy it on to your devices and see it whenever you want.
