Customers which rent a film can simply go surfing, browse, choose, and view. It is irrelevant if you might be searching for top quality films including divx or regular flash movies that streams to some windows media player. Heres a shorter video breakdown of using Play - On with your Roku box. Consult the documentation that was included with your equipment or navigate to the manufacturer's website or even the Netflix website for instructions on the way to set up Netflix on the home theater device. If you do not, you will need to download one of the most up to date version of Adobe flash or perhaps an alternative when you go to the website.
