While it's likely and occasionally even quite simple, it's not the best solution. You can also get to consider that broadband speeds will always be impacted by peak periods through the evenings when other people are trying to get into the internet and providers artificially limit connections to make it fair on all customers. These days things are available online, you can watch movies online. One great reason to view movies on the web is that, unlike a movie rental store, online movie services often give you a free trial run. The amount of things it is possible to do on there is endless.
