I even found movies i downloaded without signing up. You may also have to consider that broadband speeds are always impacted by peak periods in the evenings when most people are trying to access the internet and providers artificially limit connections making it fair on all customers. The most available internet TV channels include some with the rarest programs that are included with un censored content, to find out also a lot of other family TV shows to view with the family. There can also be software packages that may enable your computer to act as being a TV set. The volume of things you can do on the is endless.
